

# TRUJILLO

## 2020 MADELYN ROSÉ

### *Vintage Notes*

**I**n life, as in winemaking, a blend of great things often results in something fun and unique. Daily experiences, great and small, become even more remarkable when shared with those we love. I am blessed to share each day with my beautiful daughter, Sophia. In her tribute, I am proud to make Madelyn Rosé, a wine that expresses the joy I experience with her in my life. The wine's name comes from her middle name: Sophia Madelyn Trujillo.

We are pleased to introduce this 2020 Madelyn Rosé with a new and exciting composition. We continue to source fruit from the cooler Mendocino region which brings forth that nice acidity, balance, and crispness to the wine. This wine stands on a base of Malbec and Sangiovese, with a small amount Zinfandel. Minute additions of Sauvignon Blanc and Gewürztraminer impart enticing aromas and support its perfect balance. Our 2020 vintage parallels the style of previous vintages.

Fresh aromas generously come forth showing off strawberry, red raspberry, along with hints of pomegranate and subtle rose petal. Delicate, lushes red fruit aromas give a wonderful depth and broadness to the nose. The succulent mix of red fruits in the aromas that lead your senses and taste buds to those same red fruit flavors. Crisp and bright with red berries carrying the wine seamlessly forward.

A beautiful, refreshing Rosé wine, meant to be enjoyed in all casual settings. This is hands down a great summer wine for your picnics, BBQ's, or just entertaining and relaxing by your pool with friends and family. This wine pairs well with foods that have a mild spicy glow to them. A refreshing Rosé with its brightness and flavorful expressions.

*-Michael Trujillo, Winemaker*

<i>Origin</i>	<i>Blend Composition</i>	<i>Maturation</i>	<i>Technical Notes</i>
Mendocino Napa Valley	54% Rosé of Malbec 31% Rosé of Sangiovese 10% Rosé of Zinfandel 3% Sauvignon Blanc 2% Gewurztraminer	4 months 100% stainless steel fermented and maintained	pH – 3.21 TA – 7.0 g/L RS – 1.5 g/L Alc. – 13.5% by volume
